FACTORY,
EAST HAVEN,

Steamboat Landing

The materials from which this Paint is made, are of the best imported and American manufacture, and warranted not to contain any adulteration. The above, together with D. B. CROCKETT'S COMPOSITION, makes it the *most superior Paint* in the market. The Composition used has been a study, by Mr. Crockett, for years past. Its compounds being of such a nature as to form a perfect Chemical combination, so thoroughly blended together that no one part can be acted upon separately by heat or cold, leaving a surface, smooth and bright, that none of the elements will act upon, either before or after it becomes dry, and is warranted *not to crack, peel, or rub off*, by friction or blister, under the most extreme exposures of heat, cold or salt air; and having put it to the most severe tests that Paint could be put under, am now satisfied that it has no equal as to *Durability, Brilliancy, and beauty of Finish*, as a Paint for either outside or inside work. For inside wood work, or walls, where a fine finish is required, it has no equal, and at the same time it can be washed or cleaned off as smooth as the surface of a mirror, and still retain its brilliancy. As a coating for Iron buildings, and all Iron work in general, also, for Tin and all kinds of Metal Roofing, it has been proved to outstand the best material ever offered. This Paint is manufactured by Mr. Crockett, of this city, who has been known as a successful manufacturer of goods in this line of business for the last forty-five years; his factory is situated in the immediate vicinity of New Haven.

Now, if we can show to the public generally, that we can give them a Paint that is superior in every way to that now in general use, for the same money, or less, which we are confident we can do, it must be greatly to their advantage to use Crockett's Paint, and encourage home manufacture. All Colors and kinds can be had, put up neatly in gallon, half-gallon and quart cans, already for use. All are invited to call at my office and examine samples of Paints, and Testimonials, &c., from various parties who have used it.

MANUFACTURER OF

THE RANDALL SKELETON GRATE BAR,
Patented February 9th, 1869.

TESTIMONIALS.

A. O. CORBETT.—Dear Sir: In answer to your request for my opinion as to the value of the Randall Skeleton Grate Bar, I will say that I am well acquainted with the form and working of them, and can safely certify that I believe them to be the best in use. First, because they give more air space for a given amount of surface than any that I know of. Second they are calculated better for an equal thickness of metal, thereby preventing warping or cracking. Thirdly, they require less weight of iron to make a given surface of grate. Reasons sufficient to make them the best grates now known. Yours truly, JOHN SPARROW, Portland, Me.

A. O. CORBETT.—Dear Sir: I have used the Randall Patent Grate Bar nearly a year, and they are the best I ever used. They work admirably. R. C. HUSSEY, Milford, Mass.

Having used the Randall Skeleton Bars, in connection with the three large Steam Boilers attached to the James Hotel, for nearly two years, I do not hesitate to recommend them, especially for durability, and also for general excellence for the purpose designed. M. M. BALLOU, Propr. St. James Hotel, Boston, Mass.

A. O. CORBETT.—Sir: The Randall Grate Bars on board Steamer Star of the East give better draught and burn the coal up cleaner and leave less ashes and clinkers than any grate I ever used.

L. S. DAVIS, Chief Eng'r Star of the East, Boston and Kennebec Steamship Line

With the evidence I have of the saving of coal by the use of these bars, I have recently ordered and have just received 52 more grates. JASON COLLINS, Captain Steamer Star of the East.

A. O. CORBETT.—Dear Sir: We have given your Grate Bar a trial for the last three months and it has given perfect satisfaction. We have given it some severe tests with leather chips which make the hottest fire. Yours truly, D. G. RAWSON & CO., Worcester, Mass.

A. O. CORBETT.—Dear Sir: In answer to your inquiry how the Randall Grate Bars work, I will say, I have used them nearly a year, and they are as good to-day as when put in. I consider the very best recommendations that can be given of them none too good. Yours truly, H. ROBERTS, Engineer, Custom House, Boston, Mass.

A. O. CORBETT.—Dear Sir: We have been using a set of the Randall Skeleton Grate Bars seventeen months. They have not warped in the least, and are as good as new. We cheerfully give you this testimonial in answer to your inquiry. C. WRIGHT & CO., Boston Highlands.

INTRODUCTORY.

IN the year that has passed since the previous number of the DIRECTORY was issued, New Haven has made still further advancement. New and elegant edifices have been added to the large number of which New Haven can boast; our population has still further increased; new enterprises, bringing into use hundreds of thousands more of capital have been put into operation, and further development in our educational and church interests been made. In short, New Haven has given continued evidence that her progress is onward, and that she is to be in the future, as in the past, a growing city.

In accordance with our annual custom, we present a sketch of the principal works of improvement completed or projected, and the new features of interest which our city shows to-day.

One of the chief new attractions, and one which is most conspicuous, not only from its location, but from its size and architectural importance, is the American National Life and Trust Company's structure. This is a mammoth building, six stories in height, with a wide front and deep in proportion. Its front is of handsome light gray granite from the Plymouth (Ct.) quarries, and the building is crowned with a Mansard roof, high and imposing, the front of which is of iron and covered in the French black enamelled style. The first floor of the building is divided into four of the most eligible and elegant stores in the city, one of which is already occupied for the dry goods trade by the firm of F. & L. Lyons. Each of them is ample in size, and with their modern and imposing fronts and handsome interior arrangements, are certainly alike creditable to the enterprise of the insurance company and to our chief mercantile and public thoroughfare. Above the stores are about fifty elegant and commodious rooms, and some of the finest in the State. The insurance company will have very handsome quarters, and there are fine rooms for mercantile purposes, societies, clubs and professional men. The cost of the building will approximate closely to a quarter of a million of dollars.

Next in importance among the new points of attraction, is the Masonic Temple, erected by C. S. Bushnell, Esq., situated on Chapel street, at the corner of Union, and opposite the railway station. This is a handsome building, of Philadelphia pressed brick, ornamented freely with Ohio stone, has sixty feet front on Chapel street and one hundred and twenty-four feet on Union street, and is seventy-five feet from the pavement to the top of the cornice. This contains three fine stores of large size on Chapel street, with elegant fronts and very attractive interior embellishments; also two fine stores on

the Union street side. The corner store is occupied by Matthewman & Co. for the hardware trade, and the adjoining one on Chapel street by C. R. Coan for the book and stationery business. The other store on Chapel street has been secured by Adams Express Co. Above are many fine offices, a splendid large hall intended for military purposes, and the chief feature of interest, elegant accommodations for the Masonic fraternity of New Haven. There are a Knights Templar hall, a banquet hall and a lodge room, all very superior in size, style of accommodations and embellishment, and about twelve other rooms necessary for the use of the order, conveniently and very attractively arranged. These accommodations were designed expressly for the Masonic interest, and supply a want long felt by the order. The new quarters will rank among the finest in New England. The corner stone was laid with imposing ceremonies last December.

Another new and important feature is the County Court house in process of erection, next and contiguous to the City Hall. The walls are nearly up, and already indicate the fine appearance the building will present. The material of the front is Nova Scotia and brown stone, arranged in a highly ornamental style corresponding to that of the front of the City Hall, so that both the Court House and City Hall will appear to the eye as one elegant structure. In this building the Superior court and its library, the Common Pleas court and the judges and respective officers of the courts will have commodious and elegant apartments built with special reference to convenience, and will supply a need which has existed for some time. A liberal portion of the upper part will be devoted to accommodations for the Yale Law School, complete in every respect, which will give the institution an important advantage over its present inconvenient location. By the erection of the Court House the city will gain the use of the rooms now occupied by the Superior Court in the City Hall. The cost of the new structure will be about \$150,000. It is sixty-two feet front and one hundred and twenty deep, and will be four stories high, with a Mansard roof.

The High School is another important new institution. This stands on Orange street, corner of Wall, and will cost about \$100,000. It is a noble and imposing edifice. The material is Philadelphia pressed brick, ornamented profusely with handsome cut stone, and on the southwest corner is a fine tower. The edifice will contain first class accommodations for the scholars of the High School, elegant apartments for the Board of Education, and be supplied with all the modern improvements, and will in all respects equal if not surpass the best institutions of its class in this country. Another important addition to our schools is the erection of a large three story brick building in Newhallville.

The next next new feature of which we shall speak is the Dwight Place

Congregational church on Chapel street, fronting Dwight place. This is a large and fine looking building, constructed of the celebrated Frear stone, in color a light gray. The interior is already finished and occupied for worship. The audience room is decorated in soft and pleasing colors, in the latest and most approved style of the art, and has accommodations for seating nearly twelve hundred persons. In the rear is a large Sunday school room and lecture room, very tasteful in appearance. Above are fine reception and other rooms. The front is adorned with two corner towers, in each of which is a fine room, one to be occupied by the pastor as a study. The cost of this church is estimated at about \$90,000.

The new Calvary (Baptist) church was dedicated a few months since. It is a fine structure of brick, situated on Chapel street, corner of York street. The extreme length including the porch is one hundred and twenty-five feet, and its width through the towers, seventy-eight feet. Two towers adorn the two front corners, and from one of them arises a spire to the height of ninety-five feet above the pavement. The assembly room will seat six hundred below and four hundred in the galleries. In the main building are a social and other lesser rooms and the pastor's study, and in the basement is a fine Sunday school room, a Sunday school library room, the ladies' parlor and their sewing room, and a kitchen with range. The church cost about \$100,000. The late John M. Davies, a prominent and wealthy citizen who died last year, contributed liberally toward the erection of this fine church.

Trinity church has a new and fine chapel in process of completion on Temple street, near Chapel, convenient to the church edifice. It will combine a handsome residence for the rector, a chapel, a Sunday school room, a reading room, and a ladies' society room. The chapel is one hundred and fifty feet deep, with wing extension in the rear, and is of handsome sand stone with Nova Scotia stone trimmings. Trinity church itself has received a set of elegant colored windows, which add materially to its appearance.

The new church of the Methodists in Fair Haven is approaching completion, and in architectural appearance and accommodations reflect much credit upon the denomination.

St. Patrick's (R. C.) parish has a new and very large brick structure on Wallace street, rear of the church, which is devoted to the purposes of a lecture room, social gatherings and debating, and is a credit to the parish.

The Marquand Chapel of the Theological department of Yale, was dedicated in November last. It is built in style corresponding to the main theological structure, and appears a continuation of it. It will seat three hundred students.

It has been recently announced that Prof. Thacher of Yale, has obtained sufficient funds to warrant the erection of the new chapel for Yale College;

and it is also stated that the Peabody museum for Yale is to be erected on the vacant space on High street, west side, between the Alumni hall and Library street.

An elegant new building for the Sheffield Scientific School is now in process of erection on Prospect street, rear of the main structure. This is also built through the liberality of Joseph E. Sheffield, after whom this important branch of Yale College is named. It will be a very valuable addition to this institution, which has already become famous, and afford accommodations for still further advancement.

Since our last issue Durfee Hall, (Yale College,) has been completed and is now occupied.

Plans have just been completed for a very important extension and enlargement of the State Hospital, and which bespeak a fine addition, architecturally, the whole to cost about \$60,000.

The New Haven Gas Company is having built for its use a substantial and spacious building on Crown street near the corner of Orange.

Among the results of private and manufacturing enterprise we note as follows: The Seaview house, West Haven, has been greatly enlarged and improved, and is now one of the finest summer resorts upon the Connecticut shore. A handsome brown stone block has been completed on Chapel street, facing Wooster square. Lower down on Chapel street, corner of Chestnut, Mr. Theodore F. Booth has nearly completed a brick block. Mr. N. C. Newgeon has erected a large brick block in Newhallville. Charles H. Webb has erected a brick block on Clark street. Ex-Mayor Fitch's fine brown stone residence on Church street, facing the public square, has been completed. The New Haven Car Company has completed a large extension of its important works. Mallory, Wheeler & Co., lock manufacturers, have erected a spacious brick building with a handsome dome, and containing fine offices, sample and storage rooms. They have also erected a new foundry. Henry White has erected a mammoth brick block on Center street, extending its entire length. The spacious store fronting on Orange street in this block is to be occupied by C. M. Loomis as a piano wareroom, and the fine large assembly room on the floor above as a temple of music. Donald G. Mitchell has given a park to the public in Westville. W. H. Alden, of Westville, has opened a fine avenue in that place, and several residences have been built upon it.

Our city, under the energetic action of Mayor Henry G. Lewis, the board of Road Commissioners and other officers, has made many important improvements in the way of sewers, new avenues and Macadamized streets. A wharf fifteen hundred feet long is nearly completed at the harbor end of East street, its special purpose being the protection of a main sewer empty-

ing far out into the harbor. A central supply station is to be erected for the fire department. A dispensary has been established where the needy can have medical advice and medicines free of cost. Evergreen cemetery has been much improved.

An elegant new steamboat, to cost about half a million dollars, is now building for the steamboat line from this city to New York. It will be named the C. H. Northam, and will commence running next summer. The fast increasing business of the line necessitates this additional floating palace.

Our business men are actively pushing the project of an extension of the New Haven & Northampton railroad to Lee, Massachusetts, and enough money has already been pledged by our citizens to warrant the success of the enterprise. Such an extension will open to New Haven a district containing a large population and upwards of one hundred and fifty manufacturing factories.

Our horse railroad interests are moving forward. The oldest line, the Fair Haven and Westville road, projects a branch to connect Fair Haven with our business center, via the lately constructed and fine bridge across Mill river, foot of Chapel street. The State street and Cedar Hill horse railroad projects a continuation a considerable distance beyond its present northern terminus. Active efforts are being made to establish at an early day a line of cars to run from the center of the city to Whitneyville, through that beautiful highway, Whitney avenue; and it is hoped the efforts will speedily be crowned with success. Such a road would be of great benefit to New Haven and its suburbs. A new horse railroad is projected to connect New Haven and Allingtown, to start at the intersection of Congress and Howard avenues, and to connect by transfer to the West Haven road with the heart of the city.

A new bridge is contemplated to cross the Quinnipiac river from Grapevine Point, Fair Haven, to Red Rock. The estimated cost is \$100,000, and it seems likely to be constructed. It would give many advantages to New Haven.

Our harbor, whose channel admits vessels of large draught, is being materially improved under a liberal appropriation recently made by Congress. The amount of shipping which visits New Haven yearly is large. The commerce of New Haven is a very important feature in the prosperity of the city.

That our city is making rapid growth in population, manufacturing and business in general, will be plainly manifest to all who take sufficient interest in the subject to compare this DIRECTORY with those of former years. We

give this year an increase of 952 names with 3,367 changes and removals.

We herewith present to our citizens a **NEW MAP** of the city. Every endeavor has been made to secure accuracy. Yet so exceedingly numerous and rapid have been the changes from year to year, many of the more recent ones being occasioned by the annexation of the seventh ward to the city, that it will not be surprising if inaccuracies have crept in. Such as are discovered will be remedied in the next edition.

In accordance with our own determination (formed immediately after the issue of our preceding volume,) and with a desire to comply with the publicly expressed wish of some of our citizens,* we have excluded all colored leaves of advertisements from among the names of residents, placing them in the front part of the book.

To our advertisers we tender our hearty thanks for their generous patronage. Without this support it would be impossible to publish the **DIRECTORY** at a price which would bring the possession of a copy within the means of all.

In the future, as it has ever been in the past, it will be our endeavor to give to the citizens of New Haven a good **DIRECTORY**—one which shall be of utility to all who may have occasion to consult its pages, and equal in all respects to those published in other cities.

NEW HAVEN, JUNE 29, 1872.

J. H. B.

* We will improve this opportunity of informing those persons who are disposed to criticise through the city press our manner of publishing the **DIRECTORY**, that we are ever open to conviction, and that if they can propose some better method than the one adopted by us—one that will enable us to furnish a better book at a more reasonable price—we will most assuredly avail ourselves of their suggestions. Until such time we shall "pursue the even tenor of our way," without regard to the wishes of critics or fault-finders.

NEW HAVEN AND ITS ENVIRONS,

Yale College.

The noblest monument to the wisdom of the fathers is found in the provision made among us for education. Yale College ranks third in age, and first in the number of undergraduate members, among the multitude of colleges which public policy or private munificence has spread over the country.

The college grounds occupy one-eighteenth part of the original town plot of New Haven, including, quite accidentally, the birth place of Elihu Yale, from whom the College has its name. He was, however, in no sense the founder of the College; that honor belongs to the Congregational clergy of the State, who subsequently recognized the liberality of Gov. Yale by bestowing upon their institution his name. The first college building was of wood, and stood near the corner of Chapel and College streets. The present buildings are seventeen in number, and were erected as follows: South College was begun in 1793; the old Chapel, now the Athenæum, next north in 1761; South Middle in 1750; the Lyceum and North Middle in 1803; the Chapel in 1824; the North College in 1822, and Divinity College in 1835. This completes the list of buildings on College street. Those in the rear of the Colleges proper were erected as follows: The old Dining Hall, now the Laboratory, was built in 1782; the new Dining Hall, now used as a Lecture Room below, and for a Mineralogical and Geological Cabinet above, in 1819; the Library in 1842; the Trumbull Gallery in 1831; Alumni Hall in 1852; the Fine Arts Buildings in 1865-66; the new Theological Building in 1868-9; Farnam Hall in 1869-70; Durfee Hall in 1870-1, and the Chapel of the Theological Department in 1871.

The College provides public commons for a part of the students; most of them, however, taking their meals in boarding houses, or with private families. The change in the old custom, which required all students to board in commons, which was made several years since, has proved to be a wise one.

The new Theological Building is a beautiful and imposing structure, on the corner of College and Elm streets, and opposite the College grounds proper. It is one hundred and sixty-four feet long and four stories high, and was erected at a cost of nearly one hundred and fifty thousand dollars. In conformity with the original plan, a commodious and tasteful Chapel, fronting on Elm street, and connected with the Theological department, was completed last year.

The new College Building on College street bears the name of FARNAM HALL, in honor of Mr. Henry Farnam, of this city, who generously furnished the funds. At right angles with this, on Elm street, another large College building has been constructed of stone, at a cost of more than a hundred thousand dollars. It is the gift to the College of Mr. Durfee, of Fall River, Mass., and appropriately bears the name of DURFEE HALL. Both of these structures are devoted to apartments for students, and greatly increase the accommodations of the College. They are located in accordance with the plan on which the buildings are hereafter to be erected, of inclosing a large hollow square, like the College buildings of the Universities of Cambridge and Oxford, in England.

The Scroll and Key Society has erected a very attractive Society Hall, on the corner of College and Wall streets, and the Psi Upsilon Society has a new building on High street, a few rods to the north of Elm.

The objects in and about the College, which usually attract the attention of strangers, are the following:

YALE SCHOOL OF THE FINE ARTS.—This institution was founded in 1864, through the munificence of our late fellow citizen, Augustus R. Street, Esq., who in that year proposed to the Corporation of Yale College, to erect, at his sole expense, as a gift to the College, an appropriate building for a school of the fine arts. The building was began in the autumn of 1864, and completed in 1867,—a great ornament to our city, and in every respect commodiously arranged for its purpose. It provides for the collection and exhibition of works of art, such as paintings, sculptures, engravings, and the like; for instruction in the principles and theory of art; and for the domestication, in studies under its roof, of distinguished artists who may be invited to establish themselves there, for the sake of their inspiring influence. The Jarvis collection of paintings has been permanently added to the institution, with many other valuable works of art, and the school promises to be one fully justifying the munificence of its founder.

The organization and conducting of the school was committed by the Corporation of Yale College, at its meeting in the summer of 1865, on Mr. Street's suggestion, to the President of the College, ex-officio; with Mr. Daniel Huntington, of New York, President of the National Academy of Design; Professors E. E. Salisbury and Noah Porter, of New Haven, and Mr. Donald G. Mitchell, the well-known "Farmer of Edgewood," as an Art Council, of which one member is to retire each year, by lot, his place to be supplied by some other person chosen by the Corporation, unless he is, as he may be, re-elected. The Council have successfully attended to the duties assigned them, and the school has been inaugurated under the most favorable auspices. Prof. John F. Wier, a gentleman of rare culture and taste, and an artist of high merit, has the principal chair of instruction in the

institution, and is devoting his time assiduously to the duties of his position. His introductory lecture on art and art instruction was a production of very superior merit, and fully established the reputation of its author as a devoted and successful student of Art.

It is hoped that our own citizens will be forward to assist in endowing the institution with all needful permanent funds, for chairs of instruction, the purchase of works of art, and the necessary apparatus for art instruction, so that it may yield to themselves and others, in full measure, the benefits which such an establishment is fitted to confer, in the refinement of public taste, the cultivation of a love of true beauty, and that intellectual and moral elevation which naturally associates itself with the study of the fine arts, when properly directed. The founder wished that the institution should be identified with the City where all his home and family attachments were centered; and the interests of citizens of New Haven will, accordingly, be carefully considered in all its arrangements.

GRADUATES' HALL.—The lower story of this building is used for the examination of the undergraduates and of candidates for admission to College. The College dinners are also given here. The very elegant rooms above, are occupied by the two literary societies, the Linonian and the Brothers in Unity. The portraits on the wall of the Examination Hall, are those of gentlemen connected with the history of the College, either as benefactors or instructors.

THE LIBRARY.—The collection of books in the Library building is about 88,000 volumes. Of late years much attention has been paid by the College authorities to the increase of the library, but the limited funds at their disposal, will for many years forbid anything like completeness in almost all its departments. The collection of books in the two wings of the library building, belong to the literary societies of the College.

THE MINERALOGICAL AND GEOLOGICAL CABINET of the College is regarded as one of the finest Collections now in existence. At the beginning of this century, all the minerals belonging to the College were taken by the late Prof. Silliman in a small candle box to Philadelphia, to be designated and classified. A few years later the collection was increased by such additions as were gathered personally by Prof. Silliman, in England and Scotland. In 1807 the College purchased, for a thousand dollars, a cabinet of about two thousand specimens, which had been procured in London by Mr. Benjamin D. Perkins. In 1800, a portion of the valuable collection made in Europe by Col. Gibbs, was deposited here for exhibition, and two years later the remainder of his cabinet was added to it. In 1825 the College became the owner of these minerals, at the cost of \$25,000, a sum greatly below their intrinsic worth. The minerals procured from Col. Gibbs, were chiefly made up from these private collections,—that purchased in Switzerland, from Count

Razamousky, a Russian gentleman who had devoted many years at Lausanne, to mineralogical pursuits,—that made in France, by M. Gigot d'Osey, one of the farmers-generals under Louis XVI, who spent forty years in its formation, and was finally guillotined,—and that of the Count de Bournon, which consisted mostly of English Minerals, and of gems from the East Indies, the latter of which were derived chiefly from the duplicates of the celebrated Grenville collection, afterwards bought by the British Museum. Very considerable additions have since been made to the Cabinet and the collection is now every way creditable to the College.

THE SHEFFIELD SCIENTIFIC SCHOOL.—The building occupied by the Scientific Department of Yale College, stands at the head of College street, two blocks north of the other College buildings. This department is devoted to practical and scientific education, classical studies being omitted from the course. Instruction is here given with the aid of well-furnished laboratories and ample collections in Chemistry, Mineralogy, Geology, Engineering, and other branches of practical science. A more general course—embracing Mathematical and Natural Science, Literature, Modern Languages, History, and Commercial Law—has recently been established, and meets the demand of the public for a more exclusively practical course of collegiate education. The fine building occupied by the department is a gift of Joseph E. Sheffield, Esq., to Yale College. Several Professorships have been endowed, and the institution liberally supplied with apparatus for instruction. The interior of the building is elegantly finished and painted in fresco.

The rooms of the Engineering section will be found in the main building. The west wing is occupied by the Chemical and Metallurgical laboratories and the east wing as a Museum of Practical Science. The Museum contains full suites of ores of the most important metals, specimens of the rocks in which they are found, models of furnaces, and samples of fluxes and furnace products,—the whole designed to illustrate the production of metals from their ores. The able corps of instructors in this institution, and the high reputation they sustain, not only in the State but throughout the country and even abroad, have already given the Scientific School a national character which no similar educational institution has attained. All the State scholarships are now promptly taken up, and students are coming from all parts of the country to avail themselves of its superior advantages, and the high order of instruction imparted.

THE MEDICAL COLLEGE is located in York street, on the west side, between Chapel and Crown streets.

THE COLLEGE GYMNASIUM is the large brick building in the rear of the Colleges, on Library street. The arrangements for bowling, and other kinds of exercises, are thought to be very superior.

TERMS AND VACATIONS.—The public Commencement is held on the last Thursday but two of July in each year. The regular examination for admission to College, takes place on Monday and Tuesday preceding Commencement, beginning at 9 o'clock A. M., on Monday, and at 8 o'clock A. M., on Tuesday. Candidates for admission assemble at Graduates' Hall. Those who present themselves for examination at a subsequent period, meet on the Tuesday and Wednesday preceding the first College term, which begins seven weeks from Commencement day.

Strangers can obtain admittance to the various public buildings of the College, (except the Library and Art Gallery,) at all hours of the day, by applying at the Treasurer's office, in the Trumbull Gallery.

The Library and Art Gallery, are open daily from 10 o'clock in the morning to 1 o'clock; and from 3 to 5, P. M.

WATERING PLACES AND SUMMER RESORTS.

Charles Island.

About twelve miles from New Haven, and at a distance of three-quarters of a mile from the Milford shore, is an Island containing sixteen or eighteen acres of land which possesses more of the natural advantages looked for at a sea side resort, than is usually found on the New England coast. The Milford Indians called the island Poquahaug, and used it, as the whites have since done, as a place for summer recreation. When the Island was first known to the people of Milford, Ansantawae, the Indian Sachem of that town, had a famous wigwam upon it. The Island has borne at different times the names of Milford Island, Charles Island and Alling Island. Its present name is said, by some, to have been the name given by the English to Ansantawae, but by others to have been derived from a certain Charles Deal, to whom the town of Milford gave liberty, in the year 1657, to purchase and enjoy the island for a tobacco plantation, provided he used the buildings for no other purpose than a tobacco house, and that he was not to trade with the Dutch or Indians, or suffer any disorderly resort of seamen or others there. Down to the year 1835, this island was unimproved except for farming purposes. In that year John Harris, Esq., of New York, erected a summer residence upon the island, which subsequently passed into the hands of the late Elizur E. Pritchard, Esq., of Waterbury, whose heirs, we believe, still retain the property.

It was soon afterwards opened as a house of public entertainment, but failed to receive the large patronage to which its position and advantages naturally entitled it, from the difficulty of getting over to it at all stages of

the tide. The bar, which connects the island with the shore, is impassable when the water is more than at half tide. To remedy this difficulty, in the summer of 1866, a connection was formed with New Haven and Bridgeport by steamboats, running several times daily, when the House became at once one of the most popular in the country. Under able and energetic management, it ought to become a place of decidedly fashionable resort. The House will accommodate about one hundred guests. The usual contrivances for passing the time pleasantly are found here as at other sea side houses, together with the largest aquarium in the country, and an artificial swimming bath filled from the ocean by a steam engine. A remarkable peculiarity of the Island is its exemption from the annoyance of mosquitoes, flies, insects and vermin generally. No spot at the North presents greater inducements for the introduction of the fashion common at the Virginia Springs and elsewhere, of private parties erecting their own dwellings in which they can unite privacy for their families with the enjoyments of a frequented watering place.

Savin Rock.

This celebrated watering place, so long and favorably known to the wealth and fashion of the country, and immemorially the resort of sea side pleasure seekers in the sweltering months of July and August, has recently passed into new hands. The large and commodious hotel erected there some twelve years ago, or more, by Mr. E. A. Upson, was destroyed by fire in 1870, and no effort has been made as yet to replace the buildings. The large and valuable property, embracing something over twenty acres of ground, and most admirably situated for the purposes to which it has been for so many years devoted, has recently been purchased by Gen. Russell of this city, and Mr. George R. Kelsey of West Haven, and it is understood that suitable buildings will soon be erected there, and that they will be occupied in part by the boys of Gen. Russell's school. This arrangement can hardly fail to popularize both the sea side resort and the already popular educational establishment under the supervision of this gentleman. The buildings to be erected will be such as are suited not only to the general curriculum of studies pursued, but the admirable military drill for which the school has been so long famous.

It is to be hoped that these gentlemen will not lose sight of the great natural advantages of this location for a successful popular watering place, and that the "Savin Rock House," may yet become one of the renowned attractions of our city. The location of Gen. Russell's school there during the Summer months, is most desirable for the sanitary advantages it offers, and would furnish an ample campus for military drill and evolution, such as the boys really need under the *regime* of instruction imparted. It would

add largely to the receipts of the West Haven Horse Railroad Company, during the period of sea side attraction and interest, and with a commanding hotel on the high ground, and such adornments as the natural situation of the place suggests, it can hardly fail of becoming again the most popular Summer resort in the vicinity of New Haven. In the Summer season the horse cars run every fifteen minutes to and from the "Rock," starting from the south-east corner of the Green.

Waverly House.

Half a mile below Savin Rock, is the Waverly House and Grove, which is reached by pedestrians in a pleasant ten minute's walk, or a few minute's drive by a road recently constructed over the dyke from the Rock. The House is kept by Mr. Charles A. King, who provides refreshments of every kind at his hotel. Guests have the use of the bathing houses, the pavilion for dancing, &c. Sailing and fishing parties are accommodated at all times. No place in the vicinity is better provided with conveniences for pleasure parties than Waverly Grove. For the use of the tables, bathing houses, &c., a very small charge is made by the proprietor.

Railroad Grove.

The West Haven Horse Railroad Company are the owners of one of the most delightful and charming groves to be found any where on the line of Long Island Sound. It is situated a short distance north of Savin Rock, and is at present the terminus of the horse railroad. The company have recently purchased a very considerable addition to their former grounds, so that the Grove grounds proper now embrace something over fourteen acres. The trees are a beautiful growth of oak, hickory and chestnut, and are admirably trimmed for the purpose of shade and adornment. A natural turf covers the ground, which is as smooth as if it had been artificially dressed and rolled for use, with the trees thinned out just enough to make the grove at once a perfect pleasure-ground, and the most desirable of leafy shelters. Within the grove are swings, both circular and upright, flying horses, seats and tables without number, two large pavillions with matched flooring for dancing parties, a saloon, water pipes from which the coolest and purest water can be pumped in different parts of the grove, and other accommodations on a liberal scale for the use of visitors patronizing the Company's cars. In the open grounds fronting the grove, and commanding a fine view of the Sound, is

Grove Palace.

This building is also the property of the Railroad Company, and was designed for the accommodation of parties visiting the Grove by rail. It is

a large two-story octagon building, sixty feet in diameter, with a wide flight of front steps ascending upon a platform veranda leading to the second floor, or the grand hall of the Palace. This is a large octagonal room, of the same diameter as the building, with music stand in the center, walls handsomely decorated and painted, and capable of accommodating at least thirty cotillion sets upon the floor at the same time. On the lower floor is a room of the same dimensions as the grand hall, designed as a *salle à manger* for such parties as visit the Grove by cars, the latter providing their own dinner, and the Company furnishing tables and seats without charge. This room, with its tables, will easily seat three hundred persons at a time, and those desiring the use of crockery for the occasion, as well as the use of stoves for cooking, can be accommodated at a mere nominal charge. On this floor is a ladies' dressing room, and all the conveniences appertaining to an establishment of the kind. The railroad management deserves great credit for the extensive arrangements thus made for the almost gratuitous accommodation of the public. The Grove, the Pavillion, the swings, the *salle à manger* and the entire grounds, are at the service of the patrons of the Company, the only charge being the moderate fare of thirty cents for the round trip, tickets purchased before leaving the city. For pic-nics and family parties there is no place that can surpass for desirableness this grove. Almost adjoining the grounds of the Company is the

Seaview House.

This is now the largest sea-side hotel in the vicinity of New Haven, being one hundred feet front, with handsome verandas facing the water, and capable of accommodating from 75 to 100 guests. The house has been greatly enlarged and improved during the past winter. It is the property of George R. Kelsey, Esq., of West Haven, and is leased by him to Mr. R. Dyer, a popular and successful caterer to seaside pleasure seekers. This house immediately fronts the most desirable bathing grounds on the beach, and extensive accommodations have been made for those who seek the healthful and invigorating exercise of sea-bathing during the summer months. Bathing houses of the most approved description have been constructed on the beach, and bathing dresses for ladies and gentlemen can be had at very reasonable charges. Permanent summer boarders can be accommodated at the Seaview, as well as temporary and transient, and the intention of the proprietor is to make the charges so reasonable as to prolong the stay rather than hasten the departure of guests. The halls and parlors of the hotel are spacious and handsomely furnished, and Mr. R. M. Dyer, the gentlemanly manager, will serve visitors with every possible attention. The house is rightly named, for it offers as fine a sea view from its ample verandas as can be found at any watering place in the country.

Beach House.

Directly north of the Seaview is the Beach House, which has been recently fitted up for the accommodation of first-class boarders and transient guests. The house will accommodate from 40 to 50 guests, who will have every advantage of sea bathing enjoyed by those at the Seaview. The rooms are finely furnished; a heavy double veranda extends around three sides of the house; bathing houses occupy the beach in front; a large inclosed front yard is tastefully ornamented with shrubbery and flowers, and a peculiarly homelike air invests the whole establishment. Charges are moderate for the fare and accommodations furnished, and the house is generally well filled during the watering season.

[This House has recently passed into the hands of Mr. Ryder, and is, for the present, occupied as a private residence.]

Hinman House.

A few rods to the north of where the cars strike the line of the beach, is the Hinman House, owned by Mr. Preston Hinman, who knows how to serve up sea food after the most approved fashion of epicurean eating. He does not take boarders, but can accommodate from ten to fifteen transient guests, who may desire to avail themselves of the advantages of his tables. He has a neat and tasteful Pavillion on the beach, hedged in by growing shrubbery, where parties can extemporize a dance, enjoy the innocent amusements of the table, drink in the purest of sea breezes, or going to the bathing houses, take an invigorating tumble in the surf that lashes the very steps of this quiet retreat. The view from the large open balcony of the Hinman House, is equally attractive with that from the other hotels on the beach. Mr. Hinman makes a specialty of serving sea food and summer beverages to the delight of all who visit his popular house.

SUMMER RESORTS ON THE EAST SIDE OF THE HARBOR.

Grove House.

The Grove House is in the immediate vicinity of the Light House, and indeed, was built in consequence of the prohibition by the Government of the keepers of Light Houses becoming also keepers of houses of public entertainment. The situation is a delightful one, at the entrance of the harbor. The house is surrounded by a beautiful grove, the fishing is abundant. There is a ten-pin alley for the recreation of the guests, about thirty of whom can be accommodated by the proprietor. His charges are moderate for board. The house usually opens on the first of June. Tables are erected in the woods for the convenience of picnic parties.

who visit the place in large numbers, and who are expected to pay nothing for the use of the tables and grounds. The place has ample accommodations for horses.

Leaving the city either by the way of Fair Haven, or Tomlinson's Bridge, a charming drive of five or six miles can be found by skirting the harbor on the road which leads to the Light House. The view from the different hills you pass, commands the entire basin in which the town of New Haven lies, as well as a fine water prospect of the Harbor and Sound. About a mile from the city the highest eminence on the left is Fort Wooster, which was built in 1814 by the spontaneous efforts of citizens of New Haven, aided by large companies of men from the neighboring towns, to repel an anticipated attack from the British fleet which held possession of the Sound. The fort was never garrisoned, and indeed, was only designed for use as earthworks in some temporary emergency. The view from Fort Wooster will amply repay the slight labor of the ascent. A hundred or two yards north of the entrance to the fort, lies the ancient Indian burying ground. Nothing remains to indicate the place, except the slight depressions in the turf which mark the graves of the once powerful Quinnipiacks. Bodies have occasionally been dug up by the curious. They are found buried in a reclining position, facing the rising sun, at the depth of only three or four feet from the surface. Wampum, beads and hatchets, are found to have sometimes been buried with the dead. A mile or more below Fort Wooster, on the water, lies Fort Hale, belonging to the United States. During the war of 1812 it was garrisoned by a few men, but it ceased to be regarded as having any value for military purposes many years before the emergencies of the present civil war called the attention of the government to the necessity of providing adequate protection for the most important seaport of Connecticut. The old Fort has been demolished, and strong earthworks have now been completed.

Two or three graceful villa residences on this road will attract the attention of the stranger. The first belongs to the family of the late William K. Townsend, Esq., and is beautifully situated on the left of the road, about two and a half miles from the city. The other two are at Morris' Cove, below Fort Hale. The first belongs to J. Albert Lum, Esq., and the next is the summer residence of C. Maverick Parker, Esq., of New York. The Morris House, at the Cove, is in the habit of receiving a few visitors in the summer months. Accommodations for a limited number can usually be found in several of the other private houses in the vicinity.

Nettleton's Cove House.

On the eastern shore of New Haven harbor is a gracefully curved beach, of two miles or more in length, known as Morris' Cove. No part of the sea

shore between New York and Newport is more open to the sea breezes than this beautiful cove, or possesses superior facilities for bathing or boating. The long stretch of white, sandy beach, immediately in front of and contiguous to the house, protected by the curvature of the shore from all danger from breakers or tidal currents, make the Cove House one of the most desirable summer resorts on the Connecticut coast. The House accommodates about seventy-five guests, and has quite a reputation for the excellence of its table. The proprietor prefers to entertain families for the season, and spares no pains to make the Cove House attractive. His address is George D. Nettleton, Fair Haven. His usual charge to his guests is from twelve to fourteen dollars per week. The Cove House is one of the few places on the coast where bathing can be enjoyed at all stages of the tide.

The Light House.

This spot was selected by Government early in the present century, for the erection of a Light House, greatly needed here, as a guide to mariners. The first building erected in 1804, was a small affair, and gave place, in 1846, to the present edifice, seventy-three feet in height. It is furnished with a stationary light, and the place is also supplied with a fog bell.

The Light House keeper, Mr. Elizur Thompson, is prohibited from keeping a house of public entertainment, but he is obliging enough to part with two or three rooms to visitors, who can provide themselves in other ways with board. It is a retired and pleasant place for two or three small families who need quiet and the benefit of sea air.

South End.

This neck was originally sold for five barrels of pork. It is now the quiet resort for pic-nic parties from city and country. South End can be reached either by passing through East Haven, or by leaving the road to the Light House, where it turns off directly to the water, apparently through a farm yard, and keeping on to the left.

This house has recently changed owners. The proprietors will receive into their house twenty or twenty-five persons, who do not expect Fifth Avenue accommodations. The fishing here is superior, rock black fish being in great abundance, and the bathing places on the long, fine beach, excellent and safe. It may be well for pic-nic parties who resort to South End, to know that the use of the grounds, tables, well of water, &c., can hardly compensate the proprietor for his expense and trouble in making it an agreeable resort for pleasure seekers. His charge is \$1 for a table, which will accommodate from twenty to twenty-five persons.

The Shore Line Railway, or a carriage road through the center of

East Haven, will carry pleasure seekers to several popular sea side houses of entertainment.

Double Beach.

The house at this headland has long been kept by Mrs. Malachi Linsley, and is a pleasant resort for citizens of New Haven. Its distance is only an easy hour's drive,—seven miles from the city,—or it can be reached by rail, the traveller stopping at Branford Depot, from which a carriage will convey him a distance of two miles, to the Beach. From seventy to seventy-five persons can find accommodations at the house. A bowling alley, trotting course, boating, billiards, fishing and bathing, are among the means of recreation provided for its guests.

Branford Point

Is an agreeable and well kept house. The proprietor, Mr. D. M. King, has room for one hundred and forty guests. All the conveniences for passing the time pleasantly usually found at such places, are furnished at the Point, and the house may safely be recommended to strangers. For several seasons past the proprietor has run an omnibus daily to and from the city.

Indian Neck.

Two large boarding houses on the Sound are also reached from the Branford depot. Indian Neck, two miles from the depot, has accommodations for forty persons. The proprietor is Mr. Lynde Frisbie.

Montowese House.

This is a new house at Indian Neck, about two miles from the Branford depot, and is kept by Mr. William Bryan, formerly of this city. It is a first class hotel, complete in all its appointments, and will accommodate about two hundred guests. Indian Neck has long been a favorite resort for seaside visitors, and its reputation is not likely to suffer under the management of so popular a caterer as Mr. Bryan.

Pine Orchard.

Four miles from the depot, is a pleasant boarding house, where Mr. Truman Sheldon receives from forty to fifty guests.

Stony Creek.

This quiet resort, twelve miles from New Haven, is only a quarter of a mile from the Stony Creek depot, on the Shore Line Railway. The fishing here is admirable, and the gigantic oysters and clams taken in the vicinity, have made the name of the place famous among those who are careful about the quality of their shell fish. A pleasant bowling alley and billiard room, a comfortable yacht, &c., are provided for the fifty guests, to whom, during the season, the proprietor, Mr. Wm. Foot devotes his attention.

The Brainerd House.

Is a very pleasant and popular summer resort, and the first public house that is reached from the Stony Creek depot. The house is in complete order, and contains twenty-five large and airy rooms, with fine views in every direction. The outlook, from its double balconies, in the direction of Thimble Islands, is a magnificent one. Mr. J. W. Brainerd, the popular proprietor, and his excellent lady, give every attention to guests, and while his fare is admirable, his charges are exceedingly reasonable. This house has won, under its present management, an enviable reputation among seaside visitors.

The Indian Point House.

This house, which is kept by Mr. Nathan C. Frink, the proprietor, is one of the most beautifully situated places on the sound, the Point being an extended curve into the bay, and commanding a fine view of Thimble Islands and the surrounding scenery. The house will accommodate about 50 guests, who can have excellent bathing advantages, and the best of sailing and row boats for excursions to and among the Islands. The fishing grounds here are numerous, and generally reward those seeking piscatorial sports with ample returns for their toil. Many of the islands of this charming and picturesque groupe, have been occupied by beautiful summer residences, and a public house has been recently erected on "Pot Island" by Mr. Barnes, for the accommodation of visitors, and another on "Money Island," by Mr. Charles Lindsley of this city. The Indian Point House is less than half a mile from the depot at Stony Creek, on the Shore Line Railroad, and about twelve miles from New Haven.

Linden Point Cottage.

This is a small but exceedingly neat cottage-house built by Mr. Barnes, the proprietor of the Point, for the accommodation of seaside pleasure-seekers, and is reached from Indian Point by a foot-bridge constructed across the small inlet separating the two Points. It is usually rented during the summer for the use of one or more families, and makes a delightful seaside residence.

Sawsonuck House.

This new House is only a few minutes' walk from the Indian Point House, and is situated on Fine Point, famous in the history of that section for its mammoth oysters. It is reached by a fine carriage road in a three minutes drive from the depot, and from its elevated grounds and shady groves the visitor can enjoy the best of sea breezes, and the most charming of views. The place is named after the celebrated Indian Chief Sawsonuck, under whom the famous Montowese held his rule and sway of the tribes found

here by the first settlers of Connecticut. It was the great "oyster point" of the Indians, as appears from the depth of oyster shells now underlying the soil, and was visited by them from far and near during the summer months. The House here is kept by Mr. Eben J. Coe, whom everybody knows as "Uncle Eben," and whose tables are supplied with the finest oysters, clams, lobsters and sea fish to be found on the line of the Sound. Mr. Coe also keeps the Springfield House, still nearer the depot, and has rooms for both permanent and transient boarders. His house on the Point commands a splendid view of the Sound and the Thimble Island group. Boats are furnished for fishing and pleasure excursions among the Islands at a reasonable charge. Directly in front of his new house a curious fact is presented for ethnological and antiquarian inquiry, in the discovery of hundreds if not thousands of brick imbedded about three feet deep in the oyster shells which were evidently employed in some sort of structure built there at some period "whereof the memory of man runneth not back to the date." The brick are very hard and of irregular sizes, and instead of mortar, they seem to have been layed in a kind of cement which time has made harder than the brick themselves. There is said to be no tradition in the history of the town accounting for the appearance of these brick, and no clay beds in the vicinity from which they could have been made. It is a matter of curious inquiry and research therefore, to learn how they originated and by whom they were used. The brick are very dark in color as well as hard, and no two of them seem to be cast in the same mould. They differ not only in length, but in width, thickness and color. It is the opinion of the persons finding them, that the deposit of oyster shells covering the brick is due to the Indians, and not to white men.

Guilford Point,

Fifteen miles from New Haven, is a headland on the Sound, two miles east from Sachem's Head. The Guilford depot of the Shore Line Railway, is little more than half a mile distant, where eight trains stop daily—four from New Haven and four from New London. "The Pavilion," is a very quiet, and highly respectable hotel, largely patronized by many families from New York, Hartford, &c., who are in the habit, year after year, of making the Point their summer home. The house is very pleasantly situated on a beautiful lawn, fronting the Sound. It has accommodations for about one hundred guests. The usual conveniences are found here for fishing, bathing, rowing, sailing, bowling, &c. The shell fish taken at the Point are said to be the finest on the Atlantic coast. The proprietor is at all times during the season, prepared to entertain parties from New Haven, or elsewhere, with dinner or supper.

DRIVES AROUND NEW HAVEN.

West Haven.

The vicinity of New Haven abounds in fine drives. Beginning on the west side of the harbor, West Haven is a beautiful village, about three miles from the city, very much like an English village in appearance, with its rural green and venerable trees. It is a place of some historic interest, in connection with the landing here of the British troops, under command of Gens. Tryon and Garth, during the revolutionary war. Early on the morning of July 5th, 1779, two English men-of-war, with forty-eight tenders, transports, &c., entered the harbor. At sunrise, about one-half of their land force, (1,500 men,) under the command of Gen. Garth, landed at Savin Rock beach, the officers making their temporary headquarters at the old Kimberly house, (still standing,) about half way between West Haven village and the place of landing. The troops were mustered on West Haven Green, and commenced their march for New Haven. Soon after the advance, skirmishing occurred between the enemy and our own people. Adjutant Campbell was killed while ascending Milford Hill. The tradition among the old people of the vicinity is, that he was shot by a lad by the name of Johnson, who, taking an old fashioned musket, and creeping among the whortleberry bushes growing on the side of the hill, lay down to observe what was going on. An officer on horseback soon after appeared, ascending the hill, in advance of a small squad of men, when the lad shot at him, and saw him fall from his horse. Campbell was carried into the house of the mother of the boy, where he soon after died of his wound. He is buried in a field, still called "Campbell's Lot," about 300 feet north of the road leading to Milford. A low stone, with the name "CAMPBELL, 1779," in the south-west corner of the field, marks his grave.

West Haven is reached by two roads; one the old road through Allingtown, and the other from the City Point road, across the new bridge built in 1861 at the mouth of West River. A very pleasant drive is found by crossing the new bridge, passing the West Haven Green, and down to Savin Rock. The return drive to the city by West Bridge, will carry the stranger past the Catholic Cemetery, the State Hospital, St. John's Church, &c.

Westville.

A longer and more retired drive may be found by passing on the West side of the river, through Allingtown to the Derby road, and so into the city; or, it may be protracted by continuing on the road to Westville, over the high ground which commands a fine view of New Haven, passing the residence of Donald G. Mitchell, Esq., late U. S. Consul to Venice, author of "Reveries of a Bachelor," &c. The village of Westville is picturesquely situated at the foot of West Rock, and is a thriving manufacturing community. As you rise the hill from Westville, passing into the city, the eminence on the left indicates the place where entrenchments, traces of which are still visible, were thrown up by the Americans, to resist the advance of Gen. Garth. A spirited contest here ensued, in which numbers were wounded, and a few killed on each side.

Maltby Park.

In 1861 the Fair Haven Water Company was chartered by the General Assembly of the State. The company was soon after duly organized, and after prospecting for some time for the best source of water supply, they, finally purchased the large tract of land, now known as "Maltby Park," and commenced the location of their reservoirs therein, at a distance of about two miles from New Haven, and about four from Fair Haven. It was ascertained that the capacity of the streams lying to the north of the Derby road, with the natural advantages of storing the water flowing in them, and the extensive system of water shed naturally tributary thereto, would furnish an ample supply of pure mountain water for all domestic, mechanical, and fire purposes in Fair Haven, with an average head of about two hundred feet, taking the several reservoirs to be constructed. In developing the resources of these streams, the company soon became satisfied that an abundance of water could be procured, not only for the use of Fair Haven, but the entire city of New Haven, by means of these streams and those available even at a higher elevation on West Rock. They accordingly applied to the Legislature for permission to supply New Haven as well as Fair Haven, and finally, in 1867, obtained the right to lay their pipes in any of the streets of New Haven, on condition that the same should be approved by the legal voters residing therein. The charter of the company, as thus amended, was approved by the vote taken, and the mains of the company have been laid into the western part of the city.

Three large reservoirs, or more properly "Lakes," have been constructed in Maltby Park, containing about four hundred million gallons of water, and the grounds have been laid out into charming and romantic drives, so that it is really one of the most attractive localities in the vicinity of our city. The company has also constructed a large lake, called "Lake Wintergreen,"

on the north eastern slope of West Rock, covering something over sixty acres, and having an elevation of 240 feet. The capacity of this lake is about four hundred million gallons, and it is estimated that the amount of annual overflow is fully equal to twice the capacity of the lake. With the whole system of reservoirs completed, there will be eight lakes in Maltby Park, with a capacity of about seven hundred million gallons, and four on the West Rock slope with a capacity of over two thousand million gallons of water, and covering altogether, both systems, over four hundred and sixty acres of land. The company are sanguine of their ultimate success, and they have certainly demonstrated that their efforts thus far are anything but utopian.

Hamilton Park

Was opened to the public by a few public-spirited proprietors, in the year 1859. Previous to that time, New Haven possessed no appropriate place for agricultural fairs, or for other objects needing accommodations for a large concourse of people. The grounds have been handsomely arranged, a fine course for trotting laid out, and convenient buildings for visitors erected. The ground within the course has been excavated for a skating pond in winter, which is filled by a steam pump, from the water of the river which bounds the ground on the west. Arrangements have recently been made, by which the attractions of the place have been largely increased. The ground inclosed for the Park is about forty acres.

West Rock

Furnishes the most extensive view to be obtained of New Haven and its vicinity. The City Horse Cars run during the day to Westville bridge, from which point visitors will find it a half hour's walk to the summit of the Rock. About half a mile north, is the celebrated

Judge's Cave.

It consists of huge boulders, apparently thrown together by some convulsion of nature. There were formerly three of the larger stones, each rising to a height of fifteen or twenty feet, with openings a few feet wide between their bases. Some years since the center was struck by lightning, which did considerable damage, and greatly altered the appearance of the Rock. More than two hundred years ago, these narrow fissures were the only home of two men, whose names were once memorable in England,—General Edward Whalley, and General William Goffe, both of whose signatures are affixed to the warrant for the execution of King Charles I. These gentlemen had fled at the Restoration, and made their appearance at New Haven in the Spring of 1661. To protect their friends here from the suspicion of harboring rebels, they betook themselves to this wild retreat, where they

were supplied with food by Richard Sperry, the nearest inhabitant to the rock. Tradition says, that they were frightened from the place by the appearance in the night of a panther or catamount.

A pleasant half hour's ramble in a northeasterly direction, leads to a romantic spot, called

Wintergreen Falls.

It is one of the most agreeable places for the visit of pleasure parties, that can be found in the vicinity of New Haven. Those who prefer a carriage to the horse cars can approach nearer the Judge's Cave, by following the road at the foot of the Rock, north to the first dwelling on the right hand side, opposite which is the direct ascent to the Cave. The shortest way both to Judge's Cave, or Wintergreen Falls, is through Goffe and Crescent streets. To visit the latter place, those not familiar with its situation, will find it necessary to make inquiries at some of the dwellings near the foot of the Rock.

The Village of Whitneyville

Is a pleasant place for strangers to visit. Its distance is little more than two miles from the city, and can be reached by two or three different roads,—either by the Hamden road, through Broadway, or by Prospect street, through the woods and past the reservoir, or directly by the Hartford turnpike. The pleasantest of these drives, especially in a warm day, is that through the woods, both from its shadiness, and from the fine views both of East and West Rock, to be seen at intervals on the road. The village itself was built up by Eli Whitney, Esq., the distinguished inventor of the cotton gin. In the year 1798, Mr. Whitney, having obtained a contract from the United States for the manufacture of ten thousand stand of arms, purchased the site of the place, and erected his factory, together with a number of tenements for workmen. Mr. Whitney died in 1825. The factory, greatly enlarged, is now owned by his son, who continues the manufacture of fire arms.

New Haven Water Company.

Mill river, on which the factory is situated, furnishes New Haven with its water. A new and very substantial dam was built in 1861. The dwellings on the sides of the stream above were removed, and the interval between the high lands on each side the river, flooded. The reservoir for the supply of the city, is situated on the elevated land between Prospect street and the old Hartford Turnpike, about a mile from the dam. The pump by which the water is forced into the reservoir has, until within the last year, been driven by the surplus water of Mill river. To provide against the contin-

gency of drouth and avoid the very large consumption of water occasioned by pumping with water power, steam machinery for that purpose has been introduced on a large scale, the purpose being to use it whenever the waste water is not amply sufficient to drive the pumping machinery. With this economy of supply, it is believed that the Company will be able to meet all the wants of consumers, and that no such contingency will again arise as that happening in the unexampled drouth of 1870. The Company have made a large increase the last year in the extension of their mains and distribution pipes, and have virtually occupied all the more thickly settled portions of the city. Their water is of excellent quality, and the supply has always been ample, except in a few instances of extreme drouth.

East Rock.

This beautiful eminence is reached by a short ride over Neck Bridge, and by an ascent not difficult for carriages. The city, the harbor, the shipping, Long Island Sound, and in the distance Long Island itself, unite to form a singularly beautiful panorama. A house of entertainment can be found on the brow of the rock, with a bowling alley for those who like the amusement. Parties on foot will find the return to the city over the rock, by the way of Whitneyville, to be a pleasant walk. Parties on horseback, or even in carriages, (though the road is not to be commended for vehicles,) will find a beautiful view of the face of the Rock, by turning to the left after reaching its foot, and following up the stream either to Potter's Bridge, or to Whitneyville. A pleasant ride entirely round the rock, is had by the Whitneyville road, to the covered bridge above the dam and by taking the first road to the right after crossing the stream and then into the city. Those who are fond of a drive by the water, will find a pleasant one over Neck Bridge to Lewis' Bridge, thence down the Quinnipiack to Fair Haven, and across the railroad to the old ferry point.

Fair Haven.

The village of Fair Haven is well worth a visit, by all who are curious to know how the remotest settlements of the far West are supplied with that standing American luxury,—“Fair Haven Oysters.” It can be reached in a brief time, either by the Horse Railroad, or by private carriages. A short walk from the terminus of the railroad, will lead the stranger to the eminence on the East, which overlooks nearly all of the Quinnipiack Valley. The elegant and commodious residences of Chas. Ives, Esq., and Hon. James F. Babcock, occupy the two conspicuous sites on either side of the road. To parties in carriages, desirous of finding a charming rural drive, the road running eastward from these mansions, for two or three miles, then southward to East Haven green, can be commended.

CEMETERIES.

Grove Street Cemetery.

The burial ground on Grove street, contains about eighteen acres. It is said to be the first cemetery in the United States that was laid out into family lots. Some who have deserved well of their country and of the world, lie buried in this inclosure. Many more who have been useful in the discharge of local public trusts, also rest here from their labors. Not an inconsiderable degree of taste has been exhibited in a number of its monuments. The place makes no pretensions to the elegance or the expenditure common to the cemeteries of large metropolitan cities; it is only a handsomely kept, well shaded burial ground, where the eye is not offended with an appearance of things not in harmony with the tenderness and reverence due to the dead.

A Chapel has been erected near the entrance, where, in inclement weather, burial services may be held.

Evergreen Cemetery.

The lots in Grove Street Cemetery having become high in price, and difficult to be obtained, a meeting of citizens was held Sept. 15, 1848, to take into consideration the subject of a new Cemetery. An Association was formed by persons present at that meeting, who resolved that its stock should be divided into three hundred shares at ten dollars each. Directors of the Association were elected Oct. 17th, who purchased from Nathan Peck, Esq., Nov. 20, 1848, a tract of land, fronting on West street about 700 feet and extending westerly about 1690 feet to the border of the West River marshes and embracing an area of about 13½ acres. In 1856 a further purchase was made from the same proprietor, of 24 additional acres. The grounds are admirably fitted for burial purposes and capable of being made exceedingly beautiful, both from their position on the banks of West River and from their diversified surface. The first burial in the Cemetery was made in the year 1848.

Roman Catholic Cemetery.

The Cemetery in Davenport Avenue for the burial of Roman Catholics was opened in the year 1834. After a few years, the grounds were found wholly inadequate to the largely increased numbers of Catholics in the city,

and a purchase of a large and level tract of land on Columbus street near the West River, was made in 1850, and consecrated by the Bishop of the Diocese. Many handsome monuments have already been erected, and the general appearance of the Cemetery is very creditable to those who have it in charge. An elegant monument was erected a few years since in the south part of the grounds to the memory of the first Bishops of the Hartford Diocese Bishop Wm. Tyler, who died in 1849, and Bishop B. O'Rielly, who was lost at sea in the year 1856.

Hebrew Cemetery.

A purchase was made by the Jewish residents of the city several years since, of a piece of ground on the north side of Whalley Avenue, opposite Hamilton Park, containing about 4½ acres, which has since been used exclusively by them as a place of burial. Adjoining it on the east, and within the city limits, is the burial place of the inhabitants of Westville. Previous to this, the dead of this village were buried with the other inhabitants of the town.

Compiled from official documents in the office of Secretary of State.

There are 164 Towns in this State—75 send two representatives and 89 one each, making 169 members of the House: these towns are divided into 21 Senatorial Districts.

Hendricks, 25 Olive street, and others.

INSTRUCTIONS TO KEY HOLDERS.

1. On the breaking out of a fire, notice should be immediately communicated to the nearest

Alarm Box, Keys of which are always in the hands of the Police, and responsible persons in the vicinity of the boxes.

2. Key holders, upon the discovery or positive information of a fire, will unlock the box, pull down the slide or hook once, and let go. This gives the desired alarm all over the city, repeating itself five times.

3. All persons giving fire alarms are requested to remain by the box a moment, and if no clicking is heard in the box, pull again; if you still hear no clicking, go to the next nearest box and give the alarm from that.

4. Never signal for a fire seen at a distance. Never touch the hook except to give an alarm or fire. Be sure the box is locked before leaving it. Give an alarm for no cause other than an actual fire. Do not give an alarm for a chimney.

5. Owners and occupants of buildings are requested to inform themselves of the location of the Signal Boxes near their property, also, the places where the keys are kept. Be sure the alarm is properly given. One single stroke of the City Hall Bell and Engine House Gongs is not given for an alarm of fire.

6. Bell Ringers will see the necessity of being particular to strike the correct number of the box from whence the alarm is given, always to be guided by the City Hall Bell. Second alarms for the same fire will only be given by the Chief Engineer or one of his assistants.

7. Alarms will be sounded on the Fire Bells thus: For box 5, five strokes, 1-1-1-1-1, with short intervals, and repeating. For box 32, three strokes, 1-1-1, a pause, then two strokes, 1-1, a pause, and repeating. Alarms for other numbers are given in a like manner.

8. Ten successive strokes upon the City Hall Bell will be given as a signal for calling out the military.

J. MURRAY FAIRCHILD, Sup't,
Office, 215 Chapel.

EXTRACTS FROM CITY BY-LAWS.

A BY-LAW FOR THE PROTECTION OF THE FIRE ALARM TELEGRAPH.

Be it ordained by the Court of Common Council of the City of New Haven:

SECTION 1. That any person or persons who shall wilfully deface, injure or destroy the Fire Alarm Telegraph in this city, or any part thereof, or any of its appurtenances, or shall wilfully interfere with or do any thing to the same, so as to prevent or delay the proper and timely use thereof, shall foreverly such offense forfeit and pay a penalty of not less than twenty, nor more than one hundred dollars for the use of the city, the amount of said penalty to be fixed by the Court having cognizance of the offense.

Sec. 2. Any person who shall open any alarm box connected with the Fire Alarm Telegraph, except by the authority of, or with the keys furnished by the Superintendent of the Fire Alarm Telegraph, shall forfeit and pay therefor a penalty of twenty-five dollars for the use of the city.

Sec. 3. Suit may be brought for said penal-

ties by complaint and forthwith process, as in ordinary criminal proceedings.

Passed in Court of Common Council, October 6th, A. D. 1868.

Attest, JAMES I. HAYES, *City Clerk*.

BUILDINGS.

Any owner or occupant of any building or part of a building, who shall neglect or refuse for sixty days to affix to the same the number designated by the Board of Aldermen or who shall affix to the same, or retain thereon more than one day, any number contrary to the direction of said Board, shall forfeit and pay a penalty of not less than one, nor more than twenty dollars for every such offense; and a like penalty for every day thereafter, until the directions of said Board are complied with.

FIRE.

No chimney shall be cleaned by burning, unless in the day time, and when rain or snow is falling.

No ashes shall be kept in any wooden box, cask or barrel, or emptied on any wooden floor, in any building in said city.

No stove or furnace shall be used in any building in said city, unless the pipe or pipes thereof be conducted into a chimney.

No stove pipe shall be permitted to pass through any wooden partition, unless such partition shall, on all sides, be separated at least two inches from such pipe, and protected by tin, sheet iron, or other fire-proof shield.

No stove or stove pipe, in use, shall be permitted within eighteen inches of any wooden partition, unless such partition shall be protected by tin or sheet iron covering.

Every stove or furnace in said city, when in use upon any wooden floor or upon any carpet, shall stand upon a metal plate or box, or equivalent fire-proof protection, projecting beyond the furnace or stove on all sides, and at least one foot in front of the door.

No person shall deposit or keep any hay, stalks, straw, husks, or flags in any building in said city, wherein any person dwells or in which a fire is kindled, until the arrangement in such building for heating purposes shall have been examined and approved by the Fire Marshal.

No person shall carry into, or use in, any barn, stable, or other building in which hay stalks, straw, husks, or flags are deposited, any lighted candle, lamp or fire, unless the same be well secured in a lantern, nor carry into such building a lighted pipe or cigar. No person shall keep for use any wooden spittoon unless lined with fire-proof material.

Every person guilty of keeping matches for use in any building in said city, except in a fire-proof box or match safe, shall forfeit and pay a penalty of five dollars for every such offense.

Every person guilty of throwing or dropping

any matches, unused or with any fire on them, into or in any barn, stable, shop, store, or factory, or upon any combustible materials, in a manner dangerous to any property, or throwing or dropping any fire-works in like manner, shall forfeit and pay a penalty of not less than one, nor more than one hundred dollars for every such offense.

No machine or contrivance shall be used in any building, in said city, for generating gas from oil or other fluid, for lighting purposes, without a license therefor, under the hand of the Fire Marshal, by direction of the Board of Aldermen.

No bonfire shall be kindled in any street or public park within the Fire District of said city, nor in any part of said city, within one hundred feet of any building, except in gardens, nor in any garden within twenty-five feet of any building, nor in any garden except between sunrise and two o'clock in the afternoon. Every person who shall kindle or assist in kindling, a bonfire, contrary to the foregoing provisions, or aid in supplying any fuel or combustibles to such bonfire, shall forfeit and pay a penalty of five dollars for every such offense.

No person shall pile, or cause to be piled, any boards, timber, shingles, lath, or other lumber, in the vicinity of any dwelling house in said city, at any less distance from such dwelling house, at the nearest point, than double the height of such pile. Every person who shall violate the foregoing provisions of this section, shall forfeit and pay a penalty of twenty dollars for each offense, and a like penalty for every week such pile shall be continued in violation of this section.

NUISANCES.

Every encroachment upon any street beyond the street line, by any fence, building or step, shall be deemed a common nuisance.

Every obstruction of any street, public square or walk in said City, contrary to any provision of the Ordinance concerning Streets, shall be deemed a common nuisance.

Every excavation or opening in any sidewalk, street, or square, and every cellar-way or other descent near the line of any street likely to endanger or inconvenience passengers, and contrary to any provision of the Ordinance concerning Streets, shall be deemed a common nuisance.

Every rope, guy, support and brace, fastened to or set against any hydrant, contrary to the provisions of the Ordinance concerning Water, shall be deemed a common nuisance.

Any stone, wood, timber, lumber of any kind, iron, coal, goods, wares or merchandise, freight of any kind, refuse or rubbish, in or upon any flat, slip, quay, dock or public landing place in said City for a period of more than two days to the encroachment on or obstruction of, such flat, slip, quay, dock or public landing place, or to the inconvenience of any person having lawful occasion to use the same, shall be deemed a common nuisance.

Every person placing or leaving such incumbrance, or causing or procuring the same to be left and to remain as aforesaid, shall forfeit and pay a penalty of not less than one, nor more than twenty-five dollars, for every day, after said two days shall have expired, until said incumbrance shall have been removed.

The placing or depositing in or on any street or sidewalk, or the dragging along or across the same, any offal, filth, hides, or other offensively smelling substance, causing such street or sidewalk to be in an unclean and offensively smelling condition, shall be deemed a nuisance.

No person shall convey or cause to be conveyed through any street or portion of any street in said City, any white fish, without a written license therefor, specifying the street or streets through which such white fish may be

conveyed, under the hand of the acting Mayor, as provided in the Ordinance concerning Licenses and Permits. And any violation of this section, or of the conditions and requirement of such license, shall be deemed a nuisance.

The dressing or cleaning of any fish, birds, poultry or animal of any kind in or upon any public or private landing place, or on any wharf or bridge, or on the margin of any basin, cove, creek, brook or river, or on any railroad, street or public square, or on the shore of the harbor, or on the harbor above low water mark; or the laying, placing or leaving in any such place any animal or vegetable substance liable to putrify, or the placing and leaving any such substance in any other place in said City, without burying or otherwise securing the same so that no stench, contagion or contamination of the air can arise therefrom, shall be deemed a nuisance.

The owner of every animal that shall die or be found dead in said city, except where such animal has been killed for food and is fit for food, shall cause such animal to be immediately buried, at least three feet under ground, or carried beyond the City limits, and shall forfeit and pay a penalty of not less than five, nor more than fifty dollars for every neglect or refusal so to do.

Every violation of the Ordinance concerning Streets, or of the Ordinance concerning Sewers, by throwing or leaving any fruit or pieces of fruit on any sidewalk, or by throwing into or leaving in any street, gutter, gully-shoot, or catch basin, any ashes, cinders, dead animal, animal or vegetable substance, dirty water, brine, rubbish or other substance, likely to render such street, gutter, gully-shoot or catch basin, unclean, or to impair its usefulness to the public, shall be deemed a common nuisance.

Every lot and premises in said city in which there shall be a manufactory, or a dwelling house, or any other building having rooms for the occupation of tenants, shall have, in connection therewith, a suitable earth closet, or a suitable privy or privies, fixed to discharge into some public sewer or into tide water or into a suitable vault, as hereinafter provided.

No privy shall hereafter be erected or suffered to remain in said city, unless so constructed that the filth therefrom shall be immediately passed into some public sewer, or where such filth will fall into tide water and be effectually carried off daily by the tide, or having a vault sunk under the same to the depth of at least six feet, of the full length and width of such privy, and closed up to the building on all sides.

No privy vault shall be suffered to be at any time filled within two feet of the general surface of the ground around such privy.

No privy vault shall be drained into any hole or excavation in the earth, without a permit

therefor from the Street Inspector, but when the same requires cleaning, the contents shall be taken out and carted away, as hereinafter provided.

No privy shall be kept or suffered to remain in such a condition as to be offensive, by its scent, to the neighborhood or to passengers in any street, except temporarily, while being cleaned, as hereinafter provided.

No privy vault shall be cleaned, nor shall the contents thereof be carted through any street of said city, except between the first day of December and the fifteenth day of March then next succeeding, and between the hours of ten and four o'clock, in the night season. *Provided, however,* if it shall be necessary in the construction or alteration of any building, or in order to abate a nuisance, to remove the contents of any vault at any other time, the Street Inspector may issue a special permit therefor, prescribing the time and manner of such removal, as provided in the Ordinance concerning Licenses and Permits.

Every occupant of any house, building or tenement in said city, shall keep the same, and the yard or premises connected therewith, in a clean condition, and free from filth and substances likely to infect the air of the neighborhood, and shall collect in one place in such yard or premises all the house dirt or offal, and when the same shall become offensive, as aforesaid, shall cause the same to be removed. And every landlord or agent of the landlord, having general charge of such premises, shall cause the same to conform to this Ordinance, within three days after receiving notice to that effect from the Street Inspector.

Every person who shall keep any horses, cattle, goats or swine in said city, shall keep and maintain the building, stable, pen or other place in which such animal or animals shall be kept, in such a clean condition, and dispose of the manure in such a manner, that the neighbors or persons passing in the street shall not be incommoded by the smell therefrom.

No person shall keep any guano or other fertilizing substance, in said city, for any purpose whatever, in such a manner as directly or indirectly to become offensive by the effluvia arising therefrom, to any person residing in the neighborhood or passing in the street.

No building or yard shall hereafter be kept or used in said city for the purpose of killing or dressing therein any animal or animals, for hire or for market, sale or exportation, without license and restrictions.

No person shall hereafter kill or dress, or assist in killing or dressing in said city, any animal usually intended for food, except in a building duly licensed, as provided in the next preceding section, or upon the premises occupied

by the family for whose private use such animal is intended.

No building, tan-vat, yard or premises shall hereafter be used in said city, for the purpose of tanning or dressing leather or skins, or for any part of any process for dressing or tanning leather or skins, without license and restrictions.

No person shall place, leave or suffer to remain upon any premises in said city, any manure or fertilizing or refuse matter, in such manner or condition as to be offensive to those residing in the neighborhood or passing in the street, by any odors arising therefrom.

Every drain, and every sink and cesspool in said city shall be so constructed and maintained, that the same shall not injure the water of any well or become offensive, by its smell, to those in the neighborhood.

It shall be the duty of every owner of any premises in said city, and of the agent of such owner, having charge of the premises, and of every occupant of such premises, to keep and maintain the same and the street in the front thereof to the center of the street, free from any violation of the foregoing provisions of this Ordinance.

Every hand organ played more than one hour in any one day, in any part of a public street between the same two cross streets, or more than thirty minutes in front of the same premises, shall be deemed a common nuisance, and the person or persons playing the same, shall forfeit and pay a penalty not exceeding five dollars for every such offense.

PUBLIC CONVEYANCES.

No hack or other vehicle, whether on wheels or runners, drawn by animal power, shall be used or employed to convey any person from place to place in said city, for hire, and no baggage wagon, express wagon, cart, dray, truck or other vehicle, whether on wheels or runners, shall be used or employed to convey any baggage, goods, wares, merchandise, freight or materials from place to place in said city, for hire, unless in accordance with these ordinances, nor unless under authority of, and pursuant to a license, for such vehicle, and for each driver thereof, as provided in this ordinance, and in the ordinance concerning licenses and permits.

Every such vehicle shall have the number of such license in figures in the Arabic character, of not less than one inch in size, with light figures on a dark ground, or dark figures on a light ground, at all times fastened or painted on the outside and on each side of the vehicle, in a manner approved by chief of police, and so as to be distinctly seen and easily read by passengers in the street.

Every vehicle for carrying passengers, for hire, shall at all times have conspicuously posted

on the inside, in a manner approved by said chief, and so as to be easily seen and read by passengers, a card containing the name of the owner, the number of the license, and a tariff of the rates of such vehicle.

Every such driver shall at all times when employed, or seeking employment for such vehicle, wear the number of his license conspicuously on his person, in a manner directed by said chief; and he shall give, to any one requiring it, his name and number, and the name and residence of the owner of the vehicle which he drives, and exhibit a tariff of fares prescribed therefor.

The following places in said city are designated as the stands whereat said public carriages for the conveyance of passengers, may at all times stand waiting for employment, except on the Sabbath, viz:

1. College street, west side, between Elm and Chapel streets.
2. Chapel street, north side, between Temple and College streets.
3. Church street, west side, between Chapel and Elm streets.
4. Orange street, west side, between Court and Elm streets.
5. Crown street, south side, between Church and Temple streets.
6. Union street, west side, between Chapel street and the crosswalk between the depot and the U. S. Hotel.
7. Union street, east side, between Chapel and Cherry streets.

The west side of Union street, between the south basement entrance of the depot and Cherry street, is designated as the stand for the accommodation of express and baggage wagons exclusively.

State street, east side, between Chapel street and the Merchant's Hotel, is designated as a stand for stages and omnibuses.

No owner or driver of any vehicle for carrying passengers shall charge, demand, or in any way receive for carrying passengers within said city limits, more than the following prices or rates, viz:

CARRIAGE FEES.

For the carriage of a single passenger with one trunk and carpet bag, hat box or other similar article, from any railroad depot, steamboat landing, or other point or place within said limits, to any railroad depot, steamboat landing, or other point or place within said limits, fifty cents.

For the carriage of two passengers, with the amount of baggage stated above for each, from the same railroad depot, steamboat landing, or other point or place, to the same point, place or destination, within said city limits at the same time, seventy-five cents, and for each additional passenger and his baggage, more than two,

twenty-five cents. For each additional trunk, hat box or carpet bag, ten cents.

For carrying a child over four and under ten years of age, one-half the above rates.

For a carriage to and from a party or a wedding within the city limits, three dollars.

For a carriage to and from a funeral, three dollars.

And for the use of a hackney coach or equivalent vehicle, and two horses, two dollars per hour, and at that rate for fractions of an hour.

No owner or driver of any baggage wagon, or express wagon, or other vehicle for the carriage of baggage or goods of any kind from place to place in said city, shall charge, demand, or in any way receive more than the following rates or prices, viz:

For the carriage of any trunk, chest, or other article of baggage, or any box, bundle or package of goods of any kind not exceeding sixty pounds in weight, from any point or place within the city limits, to any point or place within said limits, twenty-five cents, and above that weight, two cents for every additional ten pounds or fraction thereof.

For each additional trunk, chest, box, bundle, package, or other article, ten cents.

For the use of an express wagon or baggage wagon, for one entire day, five dollars, and at that rate for half a day.

For the use of the same by the hour for any period of time less than half a day, fifty cents per hour, and at that rate for fractions of an hour.

And for moving a chest of tools, from any point or place within said city limits, to any point or place within said limits, fifty cents.

No person who shall employ any licensed vehicle in said city to carry any person or property, shall refuse to pay the just and established fare therefor, or the fare previously agreed to be paid therefor, under a penalty of five dollars for every such offense.

Every such driver shall take the baggage or other goods of the person for whom he may be employed, from the place in which it may be deposited and deliver the same upon the steamboat or to the proper baggage master, or carry the same into any part of the basement, first or second story, of the building to which destined, as the case may be, without extra charge.

STREET DEPARTMENT.

No person shall cut up or dig up any sods or turf in any of the streets or public squares of said city, with the intent to remove or carry away the same; nor shall any person remove or carry away any sods or turf, cut or dug, contrary to the provisions of this section.

No purchaser of any coal or firewood shall place or permit any such coal or firewood to remain in any street more than thirty minutes

after sunset in the evening; nor shall any greater quantity than two loads of such wood or coal in any case be permitted, by the purchaser or other person having the charge thereof, to lie or continue in front of the same premises in any street.

Nor shall any purchaser, or other person as aforesaid, permit any such wood or coal, at any time, by day or night, to remain in any street, so as to obstruct the passage in the same, nor more than four hours in any case.

No person shall cut, saw or split any firewood upon any footway or sidewalk in said city.

Any person offending against any of the provisions of this section shall forfeit and pay a penalty of not less than five, nor more than twenty-five dollars for every such offense.

No person shall throw, cart, or lay any ashes, offal, vegetables, garbage, dross, cinders, shells, straw, shavings, dirt, filth, or rubbish of any kind whatever, in or into any street, or in any of the public squares of said city; or shall suffer any brine, or wash or dirty water to flow into any street, or throw, or permit the same to be thrown into any street; or throw or place any fruit or pieces of the same upon any sidewalk in said city.

No person shall take or remove any street dirt or manure, collected from any street in said city, except in front of his own premises, without the authority of the Board of Road Commissioners first obtained.

Every owner of any lot of land which abuts upon any streets in said city, shall, when ordered so to do by the Court of Common Council, caused to be erected and maintained on the line of such lot adjoining the street a suitable fence of rails, boards, or other materials; and the Street Inspector is hereby authorized to erect such fence at the expense of the parties interested, where, after the passage of such order, the owner or owners neglect to provide the same.

No person shall make a stand in any street, or in any of the public squares of said city, with a wagon, wheelbarrow, or other vehicle, or shall erect any booth, for the sale of any article, or for the exercise of any business or calling, unless licensed by the Board of Aldermen.

No person shall make any disturbing noise by outcry, blowing of horns, singing, or otherwise in any of the streets or public squares in said city.

No person shall beat, shake, or clean any carpet, rug, or oilcloth of any kind in or upon any of the streets or public squares of said city.

No person shall play at foot-ball, or any other game of ball, or quoits, or throw stones, snowballs or any other thing liable to injure any person, or frighten any horse, within any of the

streets, or in any of the public squares of said city.

No person shall shoot with or use a bow and arrow, or fly any kite, in any street, or in any of the public squares of said city.

No person shall course or coast upon a sled in any street in said city, in which there is any passenger or vehicle at the time.

No person shall play with fire balls or fire works of any kind in any of the streets or public squares in said city, without permission of the Mayor and Board of Aldermen.

No person shall throw down, or in any manner injure or deface any fence, pump, watering trough, seat, or other work of ornament or utility erected by authority, in or upon any of the streets or public squares of said city.

No persons shall assemble idly and remain in crowds upon any footway, sidewalk or crosswalk in any street, or in any of the public squares of said city, or before any church or public building, or before or within any cemetery in said city, and all persons to the number of three or more so assembling, and refusing to disperse when commanded so to do by a police officer, special constable, alderman, or the Mayor of said city, shall forfeit and pay a penalty of not more than fifty dollars for every such offense.

No owner, or person having for the time being the care or use of any horse, or other beast of burden, carriage or draught, shall ride, drive, or permit the same to go at a faster rate than an ordinary trot, or six miles an hour, in any street in said city; and the running against any foot passenger, exercising ordinary and reasonable care, shall be *prima facie* evidence of a violation of this section.

No owner of any horse or other animal, attached to any vehicle, shall allow the same to move along any street in said city, without a driver sufficiently near to exercise immediate control over the same.

No person shall place or leave any horse or other animal, or any vehicle, before the door or gate of any dwelling house or yard, except to receive passengers about to come from such house or gate, or to deliver persons about to go to such house, or to receive or deliver a load at such door or gate, without the permission of the occupant of such house or yard.

No person shall leave any cart, car, dray, truck, or other vehicle in any street in said city, unless the same is in use and attached to a horse or other animal.

No person or persons shall cast, place, or sprinkle, or cause to be cast, placed, or sprinkled, salt, or any other substance, in or upon any street in said City, for the purpose of melting any snow or ice thereon, provided that the mayor of the city may authorize such sprinkling upon the rails of any horse railroad company at

a curve or turnout, when he may deem it necessary and proper.

Any person offending against any of the provisions of this section, shall forfeit and pay a penalty of not less than five, nor more than one hundred dollars.

Every person who shall lay, throw, or place, or cause to be laid or thrown, or placed, any ice or snow into any street within said city, shall cause the same to be broken into small pieces, and spread evenly on the surface of such street, and in default thereof shall forfeit and pay a penalty of not less than two, nor more than five dollars for every such offense.

SIDEWALKS.

No person shall place, or cause to be placed, upon any public foot-way or sidewalk in said city, any lumber, iron, trunk, bale, box, crate, cask, package, or article or thing whatsoever, whether of the same description or not, for more than thirty minutes, under a penalty of not less than two, nor more than fifty dollars.

No person shall drive, wheel, or draw any coach, cart, hand cart, wheelbarrow, velocipede, or other carriage of burden or pleasure, whether of the same description or not, except children's hand carriages and drawn by hand; or drive or permit any horse under his care to go or stand, upon any sidewalk or footpath in the streets or public squares of said city, except going in or out at driveways.

No person shall leave open any trap door or coal hole in any sidewalk or crosswalk in said city.

The owner and every person having the care of any building or lot of land bordering upon any street in said city, where there is any foot-way or sidewalk, shall keep such foot-way or sidewalk in a safe and convenient condition for the use of the public, and shall forthwith repair all defects therein in any way endangering or incommencing the public travel upon the same, and shall remove therefrom without delay any and all obstructions that may be placed or found thereon.

The tenant, occupant, and, in case there shall be no tenant, the owner, or any person having the care of any land or buildings fronting on any street or public place in said City, where there is any foot-way or sidewalk, shall, after the ceasing to fall of any snow, ice or sleet, if in the day-time, within three hours, and if in the night-time, before nine of the clock in the forenoon succeeding, cause the same to be removed from such foot-way or sidewalk, and if the same cannot be wholly removed shall sprinkle thereon sand, or other proper substance, so that such foot-way or sidewalk shall be safe for travel, and in default thereof shall forfeit and pay a penalty of two dollars; and for each and every hour thereafter, that the same shall

remain on such foot-way or sidewalk; or such footway or sidewalk shall be unsafe for travel, such tenant, occupant, owner, or other person, shall forfeit and pay a further penalty of two dollars.

After the expiration of the time limited as aforesaid, for removing such snow, ice, or sleet, it shall be the duty of the Street Inspector to cause the same to be removed, and the expense thereof shall be and continue to be a lien and real incumbrance in favor of said City, upon such land or buildings; and it shall be the duty of the Street Inspector, to cause a certificate of lien therefor to be recorded within sixty days thereafter, unless such expense shall have been previously paid.

The provisions of this section shall also apply to the falling of snow from any building, and to any footway or sidewalk on any bridge spanning any railroad in said City.

The tenant, occupant, and in case there shall be no tenant, the owner, and every person having the care of any building or lot of land bordering on any street or public place in said city, where there is any foot-way or sidewalk having a paved gutter, shall, at all times, keep such paved gutter free from snow, ice or sleet, so as to permit the free passage of water through the same, and in default thereof shall forfeit and pay a penalty of five dollars for every such offense.

TRADE.

Anthracite, bituminous, or mineral coal, when sold in quantities of five hundred pounds or more, except by the cargo, shall be sold by weight; and a ton thereof shall consist of two thousand pounds, avoirdupois, of well screened coal.

Any person selling coal as aforesaid, shall, at the request of the buyer, cause each load thereof sold by him to be weighed by a sworn public weigher in said city, and a certificate of the weight thereof, signed by such weigher, shall be delivered to the buyer or his agent at the time of the delivery of the coal.

When demanded by the buyer of any anthracite, bituminous, or mineral coal as aforesaid, it shall be the duty of the driver of the cart containing such coal, to cause the same, together with such cart, to be immediately weighed upon the most convenient public scales, other than those upon which the same has been already weighed, and to deliver without unnecessary delay such coal at the place of delivery, and at the same time to deliver to such buyer, or his authorized agent, a certificate of the weight of such coal, signed by such public weigher.

When any load of coal, as aforesaid, has been carted and weighed upon demand of the buyer as provided in this section, such buyer

shall pay to said driver, fifty cents for such carting, and the fees of the public weigher.

No driver of any cart shall give away, purloin, sell, or remove any coal, or allow any coal to be taken or fall from his cart while the same is in transit to the place of delivery, or to or from the place of weighing.

Any person violating any of the provisions of the four next preceding sections, shall forfeit and pay a penalty of ten dollars for every such offense.

All charcoal sold by the bushel, basket, or box in said city, shall be measured in baskets or boxes of the capacity of three bushels and no more, when even full, and said baskets or boxes shall in all cases be sealed by a sealer of weights and measures in said city, and shall be so constructed as to be of as great diameter inside at the top as at any other part, and the height of such baskets or boxes shall not be greater than the diameter, and they shall be as nearly flat upon the bottom as practicable. Any person offending against any of the provisions of this section, shall forfeit and pay a penalty of ten dollars for every such offense.

Every vender of charcoal who shall have in his possession any basket, box, or measure of less dimensions than those required by the next preceding section, or not sealed as therein provided, with intent to use the same, or permit the same to be used for measuring charcoal, sold or agreed to be sold, in said city, shall forfeit and pay a penalty of ten dollars for every such measure in his possession.

Cord wood brought into said city for sale, shall, at the request of the purchaser, be measured by a public measurer, and a certificate of the quantity thereof delivered to such purchaser by the seller or his agent.

Any person offending against the provisions of this section, shall forfeit and pay a penalty of ten dollars for every such offense.

No person, not the occupant of the store, shop or house in said city, shall sell or vend, or cause to be sold or vended, within the limits of said city, any goods, wares, or merchandise of any kind whatever, other than the produce of farms and gardens in this State, brought into said city for sale by farmers and gardeners residents in this State or their employees, without license from the Board of Aldermen so to do.

Any person offending against any of the provisions of this section, shall forfeit and pay a penalty of not less than twenty-five, nor more than one hundred dollars for every such offense.

No person whose entire stock in trade shall at any one time exceed in value the sum of thirty dollars, except farmers and gardeners, as provided in the next preceding section, shall peddle or sell, or expose for sale, from house to house, or in the streets of said city, any goods, wares, or merchandise of any kind whatever,

without license from the Board of Aldermen so to do.

Any person offending against any of the provisions of this section, shall forfeit and pay a penalty of not less than ten nor more than twenty-five dollars for every such offense.

WATER.

No person shall cover up or encumber any public hydrant, by placing upon or about it any snow, ice, or sleet, rubbish, building materials or other materials; but a sufficient space shall be left about every such hydrant to allow free access for steamers and hose carriages.

Every person who shall wilfully break or injure any public hydrant, shall forfeit and pay a penalty of not less than five, nor more than one hundred dollars for every such offense.

Every person who shall open any public fire hydrant, except under authority of the Fire Department of said city, or under authority of some proper officer of said city, and every person who shall wilfully and maliciously leave the water of any hydrant or pump running in any public building, or to the damage of others in any tenement building, shall forfeit and pay a penalty of five dollars for every such offense.

Every person sprinkling or watering any street, gutter, sidewalk, or part of a building, shall avoid sprinkling or wetting passengers or vehicles in the street.

Every person wilfully or carelessly violating this section, shall forfeit and pay a penalty of five dollars for every such offense, and the person or persons in whose employ such act was done, shall forfeit and pay a like penalty.

Hopkins Grammar School,

Corner High and Wall Streets.

Trustees—Henry White; Noah Porter, President of Yale College; Eli Whitney Blake; Thomas A. Thacher, Professor of Latin in Yale College; Henry C. Kingsley, Treasurer of Yale College; Alexander C. Twining; Simeon E. Baldwin.

The school was established about the year 1660.

Its chief design is to prepare boys and young men for the Classical and Scientific Departments of Yale College.

For those living in New Haven and vicinity the best time of entering is at the age of eleven or twelve.

The number of teachers is large. The course of study embraces not only the Latin, Greek and Mathematics required for admission to College, but all the common English branches; and in both of these departments the instruction is most thorough.

The terms and vacations are the same as those of the College.

Further information concerning the school can be gained by calling for catalogues, gratis, at the bookstores of Thomas H. Pease and Judd & White, or by applying to

HENRY N. JOHNSON, M. A., *Rector.*

Collegiate and Commercial Institute,

Nos. 17 and 19 Wooster Place.

The regular course in the department preparatory to Yale College, occupies three years; but full opportunity is allowed to those who can prepare more rapidly. There are special courses arranged for those who are to enter the Scientific Schools, and for those who are to follow business pursuits. Parents will find, in the instruction given in Military Drilling, Gymnastics, Swimming, etc., and in the ample grounds for out-door games, under careful supervision, just the advantages for physical training and vigor, which boys in cities need. The Boarding Department is designed for pupils who do not reside with near relatives in New Haven, and to secure to them those family advantages, and that paternal care and moral and religious discipline which their age so obviously demands, and without which so many are ruined, physically and morally, while ostensibly pursuing their studies in schools and colleges.

THIS ROAD IS BUILT TO THE

SEA SHORE and SAVIN ROCK.

Cars leaving the New Haven Green, corner of Church and Chapel Streets, for West Haven and Savin Rock, and returning every 16 minutes in Summer, and every half hour in Winter.

DISTANCE, 4 1-2 MILES.

The Company offer great inducements to visitors at the Sea Shore, by the
FREE USE of

Railroad Grove, Pavilions, Tables,
SEATS, SWINGS, ETC.

Bathing Privileges Unsurpassed.

THE SEA VIEW HOUSE

Has been rebuilt and greatly enlarged during the past Winter—removed back 75 feet from its former location—making it a first class Hotel and Watering Place.

The Union Trust Company,

OF NEW HAVEN.

Incorporated by the State of Connecticut.

CAPITAL, (all paid in,) - \$100,000.

With authority to increase to \$1,000,000.

TRUSTEES.

WILLIAM B. BRISTOL, CORNELIUS S. BUSHNELL,
 SERENO H. SCRANTON, WILLIAM M. WHITE, HENRY L. HOTCHKISS,
 EDWARD S. SCRANTON, LOUIS H. BRISTOL,
WILLIAM T. BARTLETT, Treasurer.

Banking House, 285 Chapel St., cor. Orange.

The building has been purchased by the Company, and no pains nor expense spared to make it a first class Banking House. It is furnished with a Fire and Burglar proof Vault of the most approved construction, and has an inside Steel Safe as nearly perfect as modern ingenuity and mechanical skill can make it.

This Company affords facilities to Merchants, Manufacturers, and others for keeping their accounts subject to check at sight, the same as at any State, National or Private Bank, and at the same time receiving interest upon their daily balances. Interest credited, and account current rendered monthly.

Four per cent allowed on Deposits subject to Check at sight.

Five " " " for specified time less than 6 months.
Six " " " 6 months or longer.

Checks, Drafts, Notes, Coupons, Dividends, Interest, &c., collected with dispatch.

The Company is authorized to receive and hold moneys and property in trust and on deposit, from Courts of Law and Equity, including Courts of Probate and Insolvency, Executors, Administrators, Assignees, Guardians, Trustees, Corporations and Individuals, upon such terms as may be agreed upon.

It will also act as Transfer Agent for Railroad or other Stock Corporations, and as Agent for the purpose of registering or countersigning Certificates of Stock, Bonds or other evidences of debt; or for the payment of Dividends or Interest of any Corporation, Association, State or Public Authority.

Other business usually transacted by Banks, Bankers and Trust Companies, promptly attended to.

"Domestic" Sewing Machine.

S. Collins, Agent, No. 192 Chapel Street.

 **SEE NEXT PAGE.** 

THE "LIGHT RUNNING"
"DOMESTIC"

THE
"DOMESTIC"
Sewing Machine,
IS THE BEST OF ALL.

FIFTY POINTS OF SUPERIORITY.

- 1 Perfection of Stitch on all kinds of goods, without change of tension.
- 2 Great Range of Work—finest Muslin to coarse Beaver or Sole Leather.
- 3 Ease of Operation.
- 4 Simplicity—having 100 less parts than some others.
- 5 SELF-ADJUSTING TENSIONS—not found in any other.
- 6 Uses Silk, Linen Thread, or Glazed Cotton with facility.
- 7 Noiseless, or more nearly so than any other using a shuttle.
- 8 Durability—few bearings—easy motion—hardened parts.
- 9 Very large bobbin—two or three times as large as some others.
- 10 Convenient Spooler and durable—ready for use as soon as bobbin is inserted.
- 11 Convenience for Lengthening Stitch—on top, behind the arm.
- 12 Swing Presser Foot—allowing work to be easily removed.
- 13 Extra Size and Room under Arm—permitting goods to pass through easily.
- 14 Extra room under Presser Foot and Needle—admitting very thick cloth.
- 15 Needle can be easily Set.
- 16 CANNOT BE PUT OUT OF "TIME"—has no Cams or Gear Wheels.
- 17 Easily oiled without removing Machine—only seven Oiling places.
- 18 Easily cleaned—so few pieces, and those all large—cleaning not often required.
- 19 Cylindrical hardened Cast Steel Shuttle, very durable.
- 20 Cannot Oil the Thread, because the Shuttle entirely encloses the bobbin.
- 21 Cannot soon wear out—has little friction.
- 22 Cannot miss Stitches—peculiar motion of Needle Bar and Shuttle.
- 23 Not liable to break needles.
- 24 Shuttle cannot get out order—has no screws or pieces soldered to it.
- 25 Does not change length of stitch when in use, as many others do.
- 26 Does not change Tension.
- 27 Has no Tension on bobbin, therefore stitch alike at all times.
- 28 Has Straight Needle—sews very Heavy Goods with ease.
- 29 Starting Wheel on Top, avoiding trouble of reaching underneath.
- 30 Can be taken apart and put together in ten minutes, ready for use.
- 31 Automatic Take-up—making perfect stitch with uneven thread, in thin or thick work.
- 32 Easily threaded—and alike at all times, without regard to size of thread.
- 33 Does not break threads, as many do.
- 34 Easy motion short crank—easy treadle—can be operated by an invalid.
- 35 No shuttle carrier slides to consume power, and require frequent oiling.
- 36 Feed rod connected with shuttle lever, saving power, avoiding complicated machinery.
- 37 Easy method of raising or lowering the Feed.
- 38 Simple device for fastening, setting, and removing needle.
- 39 Perfect action of Shuttle-carrier.
- 40 Feed always starts from Needle, whether regulated for long or short stitches.
- 41 Table that cannot warp or split—7 layers wood—grains run both ways.
- 42 Drop-leaf that nearly doubles size of table, made same as table.
- 43 Cover that cannot warp crack nor shrink, because grains run both ways.
- 44 Swing Drawer that cannot drop or break down, as others are apt to do.
- 45 Castors for easily moving the machine about the room.
- 46 Gatherer that makes any fullness even between two other pieces.
- 47 Embroiderer that uses Cheville or Coarse Silk, &c., making and sewing on at once.
- 48 Working parts thoroughly hardened.
- 49 Peculiar combination of Needle, Shuttle, and Take-up motion.
- 50 Parts interchangeable. If any part breaks, a New piece is easily substituted.

☞ Experienced Operators best appreciate the above advantages. ☞
